Electronic End-of-Term Reports

In a continued effort from our Migrant Education Team to better serve districts, the paper Project Evaluation End-Of-Year Report (PI-1739) is becoming electronic. The new form will be sent in an email with a link to fill in narrative questions and a link to an Excel workbook to verify data gathered through NGS. Since this report is used for both regular year and summer projects, we will now call it the **End-of-Term Report**. Migrant directors will be emailed the End-of Term Report for the regular year 2015-2016 in the next week. The End-of-Term Report for summer is still in development and will be sent to the directors of summer projects in the future.

Look for the End-of-Term Report in an email soon!

Electronic Student Academic Report (E-SAR) Update

The rollout of the electronic Student Academic Report (E-SAR) is going well. Special thanks to Jamie Shaffer from Cumberland for bringing to our attention an erroneous grade for a student, so this could be corrected in NGS.

This example highlights the importance of the district checking the information provided by NGS on the E-SAR. The watchful eye of district staff is a key element for reliable data. Thank you to Julie Vargas of Tri-County for input on reporting support services.

All feedback on collection of migrant data is appreciated. Look for improvements to the fall 2016 E-SAR. Questions or need for support can be directed to Tena Torgerson at tena.torgerson@dpi.wi.gov, (608) 266-9629.

2016-17 Title I-C Application Date Extended

The regular year application for Title I-C will remain in the current application (the Legacy Application) and will not be housed in WISEgrants this year. We are awaiting guidance from the new ESSA law to help shape our future application to be put in WISEgrants in the future.

We are still waiting on the final allocations, so the regular year application for 2016-2017 will not be due August 30, 2016, but rather a future date to be determined.
